

Key 2 Life

Your Life Is In Your Hands

So your Medi-Chip won't "auto boot or auto run", well we can blame Microsoft for taking that out of all their latest programs. XP, Vista, Windows 7 & Windows 8 fall victim to that removal.

So what do you do??? Ok that is simple, See this Icon on the bottom left of your computer

Screen? **Click** on it one time, now one time too and a window will letters. **Click** on the one that says you will see a yellow folder marked window will open and show you 2 EMEJ1 with a black arrow or it XP).

Now it will take about 30 seconds is searching for any viruses that **Once** that is done, a new window

see the word computer click on it open and show you all your drive "removable disc. When that opens EMRJ1, click on it and another folders. Click on the one that says might say EMRJ1.exe (if you use

for the program to open because it might be hidden in your computer. will open and look like this.

Click on the blue rectangle and the hold harmless page. From there page where you can begin to enter and password.

the click on agree and continue on you will be taken to the sign in your name, reg. # and user name

Camtasia Studio

TechSmith

Filling in sign in page

This page needs little explanation , fill in your first and last name, the Registration number (found in one of the 4 folders on the chip when you open the yellow folder, and then select a user name and password. Please enter them in all lower case and then click on go. A window will pop up saying we will now take to the entrance page.

Ready to begin?

This page looks familiar right? Well now you can click on the **GREEN** rectangle where another window will open and ask you to insert your user name and password (see next screen) and remember to enter it exactly as you typed it in the registration page, all lower case. (Note: please write down your user name and password for if you forget it we can not help you recover it because it is know to only you and you alone.

Almost There...

After clicking the green box, insert your user name and password that you registered in lower case in the boxes below and the program will open (next page).

The screenshot displays the Key2Life software interface. At the top left is the SGMS logo with the tagline "YOUR LIFE IS IN YOUR HANDS" and a world map. The top right features the text "MEDI-SYSTEMS EMERGENCY MEDICAL RECORDS" and logos for "AMA AMERICAN MEDICAL ASSOCIATION" and "ADA Accepted American Dental Association". The central text "Key2Life" is in a large, red, stylized font. Below this, there are three buttons: a green "Forgot your login" button, a red "Medical Personnel Access" button, and a blue "Program Activation (Permanent)" button. A "User Login" dialog box is open in the foreground, containing the text "Please enter your username and password". It has two input fields: "Username" with the text "abc" and "Password" with the text "123". There are "Cancel" and "OK" buttons at the bottom of the dialog. A red text box with a white background is positioned over the dialog, containing the text "ENTER YOUR USERNAME & PASSWORD, ENTER YOUR USER NAME AS YOU REGISTERED IT." At the bottom of the interface, there is a banner for "Safe Guard Medi Systems" featuring an eagle and the text "Key 2 Life".

You're ready to begin

Now your first and last name should appear on the first 3 lines and you can begin to fill in the information asked for in the program. By clicking on the various tabs it will instruct you what to fill in.. Thank you for your purchase.
